◆ Detailed Story Story of the world between the Gods and the Elves, the existence of the flesh. A world where the Gods once lived and ruled humans and elves, also known as Elves. They opened the gate to the world between in order to create humans, but the evil gods did not stop with humans. They created monsters, and the race of men were born. Deus, a ruler of the gods, was arrogant and overly optimistic with regard to humans and elves. ■ Elves Declare Independence and Rebellion · In order to liberate the elves and humans in the world between, the elves led by the queen, Lyre, rebel and form an alliance with humans to overthrow Deus. · Elves & Humans Use Chaos to Grow and Fight for Their Freedom · Lyre and Deus go to war to decide the destiny of the elves. · Deities Collide and a Great Disaster Befalls

the World Between In order to save the universe in the world between, the Gods of Life decide to end the Eternal War. Gods and Elves Together Break Free From the Cycle of Sin and Sorrow · The gods and elves together break free from the cycle of sin and sorrow. The world of the Gods and Elves between enters an era of peace and harmony. ◆ Adventure Opens the Door of New World A new world of adventures opened for adventurers to explore. ◆ Unexpected Quality of a Fantasy RPG An unexpected feeling of freshness in the story is the core concept of the game, and its background and characters are vivid. ◆ Clear Graphic Exquisite Beauty Featuring amazing graphics with a great sense of depth and beauty, the game's visual design guarantees an exquisite quality. ◆ Stylish and Sophisticated Gameplay in the game is harmonized with a stylish and sophisticated setting, a world of elves and gods. ◆ Smooth and Dynamic An established rhythm and smooth control are made possible by using a highly specialized game engine and a high-definition graphic engine. ◆ Thorough yet Economical The game content, equipment, weapons, and magic do not cost any money, which allow players to take on quests and battles with ease. ◆ Systems System: Branching Story Story is seamlessly connected by the system "story branching". On the path from the beginning to the final decision, there are many ways to solve various issues
